

CoinPayments Set Up Guide for BigCommerce Stores

Integrating CoinPayments into your Bigcommerce store is a quick and easy process.

In order for you to get up and running, we have prepared this simple guide.

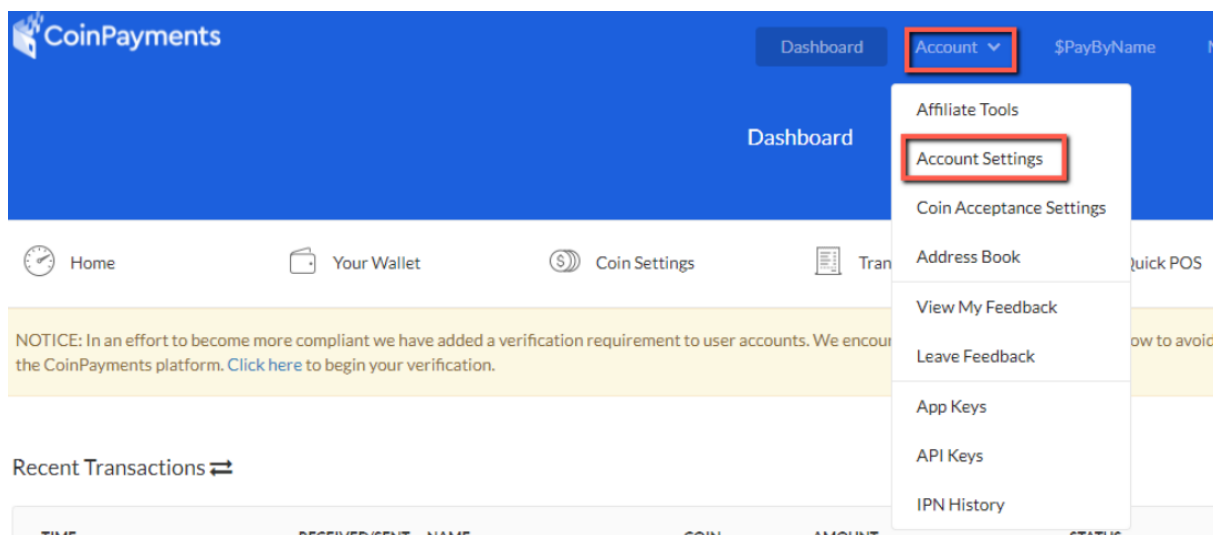

Just follow the steps and you will be set up in minutes.

Let's begin!

1. Log In to Your CoinPayments Account

If you don't have a CoinPayments Business account yet, you can register [here](#).

Once you have your account ready and are logged in, go to **Account > Account Settings**.

2. Set Up the IPN Secret

In the Account Settings menu, there are 4 tabs: Basic Settings, Public Info, Login & Security, and Merchant Settings.

Select the **Merchant Settings** tab.

Then you will see the field “IPN Secret”, which you need to fill in.

Merchant Settings

IPN Secret: ← You can set any value which you think is secure. No need to fill other fields just press the update account button.
This is used to verify that an IPN is from us, use

IPN URL:
HTTPS URL recommended (self-signed certs OK)
If you are using one of our shopping cart plugins you can leave this field blank.

Callback Deposit IPN Fiat:

You can **choose any value that you think is secure**. It will be used in the app afterwards to verify the payment calls.

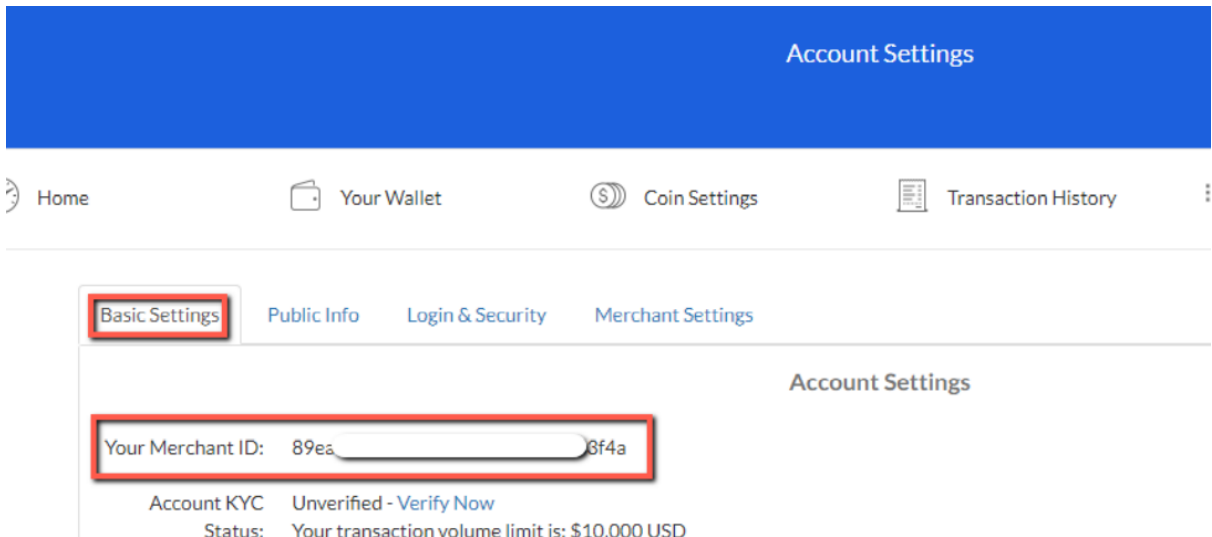

Once you have set up your IPN Secret, **copy it** for use in Step 5 and click the **update button**.

3. Get the Merchant ID

In the same Account Settings menu, now select the **Basic Settings** tab.

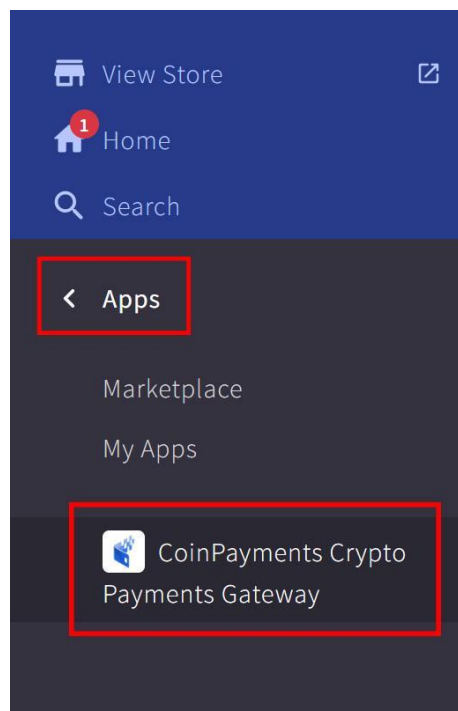

You will then see your Merchant ID, which is a series of numbers and letters.

As with the IPN Secret, you will also need this number in step 5, so **copy it** as well.

4. Log In to Your Bigcommerce Account

From your Bigcommerce dashboard, click on **Apps > CoinPayments App**.

5. Provide the Merchant ID and the IPN Secret

Click on the Change Settings button and enter the Merchant ID and IPN Secret you copied previously during steps 2 and 3.

The image shows two parts of the BigCommerce interface. On the left is a mobile app dashboard for 'Test Store Gerald' with a sidebar menu where 'Apps' and 'CoinPayments Crypto Payments Gateway' are highlighted with red boxes. On the right is the 'CoinPayments Crypto Payments App' configuration page. It features a 'Change Settings' button with a red arrow pointing to it. Below this are two input fields: 'Merchant ID' and 'IPN Secret of account', both with red arrows pointing to them. A green 'Save' button is at the bottom.

Once both fields are filled in, click on **Save**.

6. Set up the Payment Method in Bigcommerce for CoinPayments

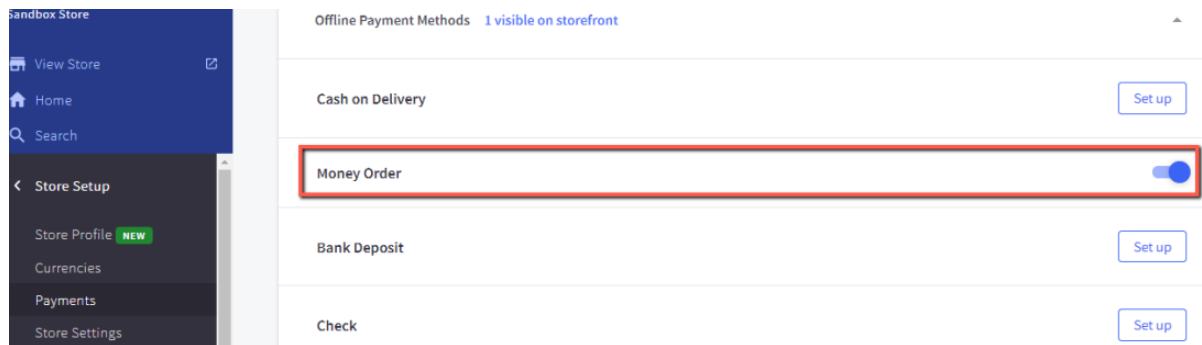

In your Bigcommerce dashboard, go to **Store Setup > Payments**.

Then click on **Offline Payment Methods** to display the menu.

The image shows the BigCommerce dashboard's 'Store Setup' menu on the left, with 'Store Setup' and 'Payments' highlighted by red boxes. The main content area shows a 'Set up' button and a list of payment methods. 'Offline Payment Methods' is highlighted with a red arrow and shows '2 visible on storefront'. Other options include 'Online Payment Methods' and 'Digital Wallets'.

In the options that will appear, go to **Money Order** and **set up** the option.

7. Set the Money Order Settings

In the Money Order Settings tab, fill in the form to match the following image.
